EDUCATION

B.Tech in Computer Science & Engineering with AI & ML

Malla Reddy Engineering College, Expected 2025

Intermediate Education

Narayana Junior College, 2019 – 2021

Secondary Education

Krishnaveni Talent School, 2019

SKILLS

- Programming: Python, HTML, CSS, Node.js
- AI & ML: Generative AI, NLP
- Frameworks : .Net (Fundamentals)
- Cloud: Azure, Cloud Computing
- Databases: SQL, DBMS, MongoDB, Firebase
- RPA: Robotic Process Automation
- Operating Systems: Windows, Linux
- Tools : GitHub, OpenAI GPT, Postman

Non-Technical Skills: Prompt Engineering, Digital Marketing, Content Creation

EXPERIENCE

Data Analyst Intern, Accenture North America

Dec 2023

- Analyzed datasets for a social media client, providing strategic insights.
- Presented key findings through PowerPoint and video presentations.

Software Engineer Intern, Walmart USA

Dec 2023

- Solved technical issues, enhancing departmental efficiency.
- Optimized Java heap structure, improving sorting by 20%.
- Increased client satisfaction by 10% through effective presentations.

PROJECTS

Steve - The Voice Assistant with Smart Blind Stick

- Developed AI assistant with smart blind stick using Arduino, Python (OpenAI API), NLP, and PyQt5 GUI.

DriveWise - India's Driving School App

- Created a comprehensive platform for learners and instructors, featuring driving school discovery, booking and management, learning support, community interaction, profile management, and promotion and branding.

ACHIEVEMENTS

Patent for Steve - The Voice Assistant with Smart Blind Stick

- Secured patent for assistive technology improving accessibility for visually impaired individuals.

Student Ambassador For Internshala, LetsUpgrade, and eDC IIT Delhi

- Promoted educational opportunities and increased engagement through social media campaigns.

CERTIFICATIONS

- Automation Starter (UiPath)
- Microsoft Certified: Azure Fundamentals
- Advanced Software Engineering (Walmart)
- Python Essentials 1, 2 (Cisco)
- Introduction to Data Science (Cisco)
- Data Analysis with Python (freeCodeCamp)
- Career Essentials in Generative AI (Microsoft)
- Artificial Intelligence (Cognizant)
